

Clinical Educators

The physiotherapy team is based at the Den, Chesterfield Royal Hospital, Dales Children's Centre, Newholme Hospital and Buxton Health Centre, Buxton. A Paediatric Musculoskeletal placement is based in Suite 5 (Physiotherapy Department, CRH). You are likely to have your clinical placement time shared between two clinical educators. This may include being based at two locations.

Our team has a range of clinical paediatric specialisms, and you will be expected to plan your time to ensure you experience a range of learning opportunities within the team and M.D.T
